

# Arnage Primary – How Good is OUR School

*Our learning is helping us to develop strong literacy and numeracy skills. We feel confident that we are able to use these skills in different situations.*

	Pupils	Parents & Staff
Evaluation	<b>Good</b>	<b>Very Good</b>

## Parents:

*"Children are encouraged and supported. If a child shows strength in subject area they are encouraged and advanced in that strength"*

*"One that needs additional help is starting to get it now ... One that is very bright needs to be stretched more"*

*"... Would like homework to come electronically so we can keep track"*

## Pupils – On maths generally and Big Maths:

*"[Big Maths] makes maths easier and I am getting better at my maths."*

*"Sometimes [Big Maths] confuses me a bit more but most of the time it helps me"*

*"I feel very good about my knowledge in maths it will help me later on in life"*

*"I feel confident in maths but sometimes don't understand because I am a more visual learner"*

## Mr Craig:

*It was great to see the Big Maths starting to have an impact after only a term and a half of it being introduced. It will be interesting to see how the children develop over next year.*

*We have rewritten our homework policy and we're hoping to use homework jotters and digital technology to share with parents much more.*

*We always aim to meet the needs of all learners. We'll continue to review our assessment and tracking processes, seek innovative ways for children to have more ownership of their learning, and provide effective support and challenge for every child.*
